### ABOUT THE SPEAKER

*Dr. Doti joined the Chapman faculty in 1974. In 1978, he founded the A. Gary Anderson Center for Economic Research to provide data, facilities and support to encourage faculty and students to engage in research of high quality, and to widely disseminate the results. The Center's inaugural Orange County Forecast, presented in December 1978, was the first economic forecast in the U.S. to be based on an urban econometric model. He was appointed president of Chapman University in 1991 and served for 25 years. In September 2016, he returned to the Chapman faculty. He holds the Donald Bren Distinguished Chair in Business and Economics.*
